CONSERVATION TRUST

BEQUEST INFORMATION FOR THE WILDLIFE CONSERVATION TRUST

A gift through your will or living trust is one of the most effective ways to provide for the Wildlife Conservation Trust's (WCT) future. You may wish to leave Wildlife Conservation Trust:

- a stated rand amount
- a percentage of your residual estate (what remains after debts, expenses, taxes and specific bequests have been paid) or
- a specific asset, such as securities or other marketable property

A gift to the Wildlife Conservation Trust in your will or living trust allows you to retain your assets during your lifetime. In addition, your estate, if large enough to pay estate taxes, would benefit from a charitable estate tax deduction.

Unrestricted gifts give us the greatest flexibility to use funds where they are needed most at any given time.

A portion of all gifts is used for administrative and fundraising expenses. We strive to keep these as low as possible and in recent years, over 95% of all donations has been dedicated to program services based on conservation and environmental management policies, includes their rehabilitation and release back into the wild.
